

## **Vision, Mission and Key Objectives**

### **Vision:**

To enrich the world with motivated individuals, instilled with power of free, imaginative and logical thinking, rooted in the philosophy of scientific pursuit.

### **Mission:**

Provide high quality education in modern science, integrating it with outstanding research of international standards at the undergraduate level itself, and develop a spirit of research cutting across disciplines.

### **Key Objectives:**

- (i) To impart quality education and research in basic sciences, technology, arts, humanities and social sciences, through flexible borderless curriculum by adapting to the best global practices in this regard.
- (ii) To build a high quality academic faculty capable of synergizing quality research with education, teaching and mentoring, especially in emerging frontier areas of sciences.
- (iii) To actively forge strong relationships with existing universities, colleges, laboratories and institutions in India or abroad in order to network and complement infrastructural and faculty resources.
- (iv) To generate significant intellectual properties through sponsored research programmes in areas of basic sciences that have potential in evolving as applied sciences.
