Admissions, August 2013

Applications are invited from highly motivated students for admission to the Integrated Ph.D. programme beginning in August 2013 at the Indian Institute of Science Education and Research – Thiruvananthapuram.

Eligibility

Biological Sciences
Bachelors degree in Biological/Chemical/Physical Sciences or Engineering with a minimum of 55% marks or CGPA 6.0 (in 10 point scale) .

Chemical Sciences
Bachelors degree in Chemistry. Minimum of 55% marks or CGPA 6.0 (in 10 point scale) .

Mathematical Sciences
Bachelors degree in Mathematics/Statistics or related areas including Engineering and Technology. Minimum 55% marks or CGPA 6.0 (in 10 point scale) .

Physical Sciences
Bachelors degree in Physical Sciences, Engineering or Technology. Minimum of 55% marks or CGPA 6.0 (in 10 point scale) and qualified in JEST-2013

Satisfying the minimum eligibility criteria alone does not automatically entitle the applicant to be shortlisted. Shortlisting is based on the academic performance. Shortlisted applicants will be called for a test followed by interview.

Relaxation of eligibility criteria for SC/ST applicants will be made according to Government of India rules.

Separate applications are required for each school for those applying to more than one. For more details on the eligibility criteria for each school, research interests of IISER TVM faculty and for downloading the application forms see:

Website

<http://iphd.iisertvm.ac.in>

Scholarship: All students admitted to the Integrated Ph.D. programme will receive Rs. 10,000/- as fellowship until the successful completion of the course work. Afterwards, fellowship will be raised to comply with the existing CSIR-UGC norms. Students registered for the Programme are required to take a minimum of 60 Credits of intensive course work followed by research work leading to Ph.D. Applicants shortlisted for written test will be intimated and their names will also be displayed at the institute's website.
